

# ASSEMBLING INSTRUCTIONS

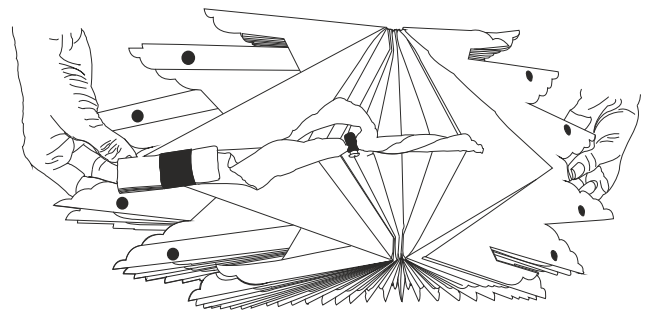

**1. Loosen the ribbon**

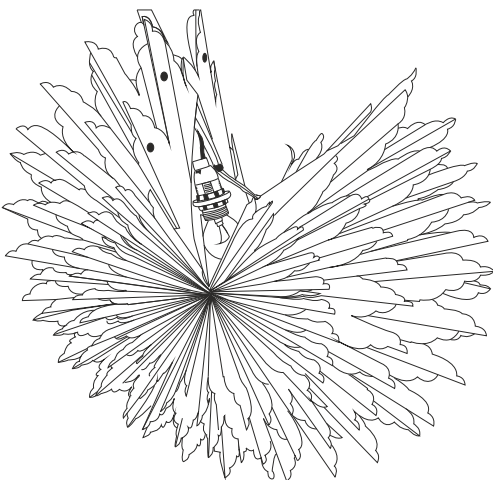

**2. Carefully spread the arms of the star apart**

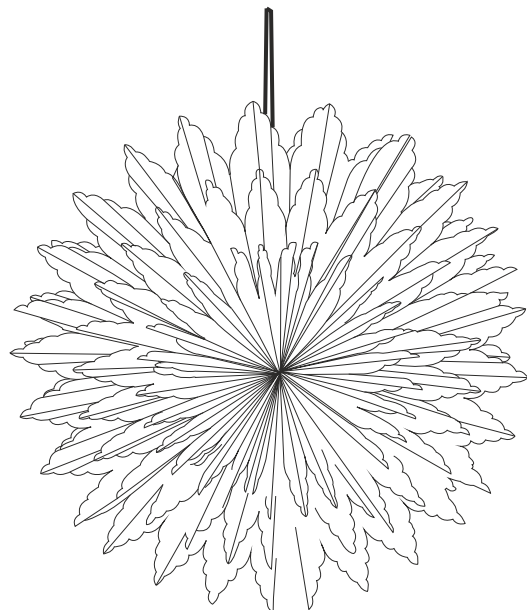

**3. Carefully tighten the ribbon.  
Leave a gap to insert the light source.**

**4. Pull the ribbon through the hole in the arm, so that it doesn't block the magnets from closing the star.**

**5. Place the light source next to the ribbon. Carefully tighten the ribbon and close the magnets.**

**6. Your star is now ready to be used!**
